EDUCATION

Certificate-Front End Developer

March 2022 – November 2022

FPT Arena, Ho Chi Minh city, Vietnam

Brainnest, Germany

- Collaborated with product team members to implement new feature developments.
- Maintaining, optimizing, troubleshooting, and improving websites.
- Implementation landing pages from concept through deployment.

Diploma – Electronics Engineering Technician/Technology

2019 – 2020

Sheridan College, Brampton, ON, Canada

Class of 2020

- Obtained **Diploma Electronic Engineering** from Ly Tu Trong College in Vietnam (2016)
- Graduated Sheridan college with achieved high academic outstanding of Cumulative GPA of 3.21
- English for Academic Purposes (EAP) Award for Winter 2019
- Finished the Arduino project on software (Eagle) and hardware (controlled fan by temperature)
- **Electronic Software:** Demonstrate the ability and knowledge to analyze, design, and apply small signal and power Bipolar Junction Transistor (BJT), Junction Field-Effect Transistor (JFET)
- **Computer Language:** Use C to facilitate the analysis of datasets as well as hardware description language (VHDL) constructs to describe digital circuits. Implement combinational circuits using VHDL.

SKILLS

- Advanced experience with Microsoft Office: Word, Excel and PowerPoint
- Understand and know how to use C programming
- Know about **HTML, CSS, JavaScript and Github**
- Some basic **AngularJS**
- Showcase strong technical skills in software applications (autoCAD, Eagle and Quartus program) as well as soldering components on PCBs
- Fluent in verbal and written English, Vietnamese

EMPLOYMENT EXPERIENCE

Cashier/Inventory Clerk

First Choice Entertainment – Canada

January 2019 – December 2021

- Perform cash handling and enthusiastically accepted payments from customers and gained ability to work well under pressure in a fast-paced environment
